## THE STORY

Back in 2008, we imported from Sweden a young mare to introduce the Golden Cross bloodlines into our breeding program. WW Isadorah is a daughter of the exquisite Om el Extreem, out of Ivernah, a chestnut daughter of straight Egyptian stallion Crusader (Reserve World Champion). Ivernah traces back to El Shaklan in her dam line through Maleik el Kheil as well as some great Spanish bloodlines (Urif, Orive, Kadi, Congo...). A big, strong, extremely well built mare, WW Isadorah was the perfect type of mare we needed to cross with our stallions. In 2009 WW Isadorah gave birth to her 1st foal, a very special colt that we named INIZIO (meaning *Beginning* in Italian). This colt represented a new beginning in our breeding program: new bloodlines and rare bloodlines in Europe...His sire is a stunning stallion: Thee Apprentice, a son of the legendary Versace and out of Legacys Diva by the US National Champion stallion Legacy of Gold. Thee Apprentice had been imported from the USA by the Moell family in Sweden, but was exported to Brazil a few years later, where he still is.

The story of the *new Beginning* started in a very special way... When Inizio was born, his dam WW Isadorah only had some colostrum and then no milk. We had to bottle feed him, but he remained with his extremely sweet and careful dam that educated him despite the fact that she did not feed him. He was a very tiny foal, he got sick a few times and he needed special care. His immune system was not at the best it should and at one point we even thought the end was near, but this colt was a real warrior. He became stronger and stronger, and turned into a phenomenal colt with all the qualities we had hoped from that cross. Inizio was a unique colt at the time, extremely tall with long legs, extremely long neck and fantastic movement. We had several serious inquiries and we finally decided to accept a purchase offer which would allow us to get breedings, as we could not afford to lose those qualities.

When Inizio turned 3 years old, we decided to breed a mare to him. In 2013, we leased a complementary mare, Avalon Just Mywenn, a chestnut daughter of WH Justice (who traces back to El Shaklan on dam line), and out of a Russian-related mare. Tchaata Arabians started in 1991 breeding horses using some glorious Russian bloodlines that are still to this day the background pedigree of all our mares. Avalon Just Mywenn's damline traces back to Tchaata Arabians' foundations bloodlines: The phenomenal US Triple Crown Champion \*Padron, the incomparable \*Salon and the twice World Champion, amazing mover, Warandes Plakat.

We expected a lot from that cross and on May 13th of 2014 a very special chestnut colt was born. He fulfilled all our expectations so we felt we had to choose a very special name. Because his sire was named Inizio to represent a new beginning, we named this unique colt Iniziato (which means *Begun* in Italian). We knew one of Inizio's best sons was born. Tchaata Iniziato is certainly his best son up today, and his most successful foal!

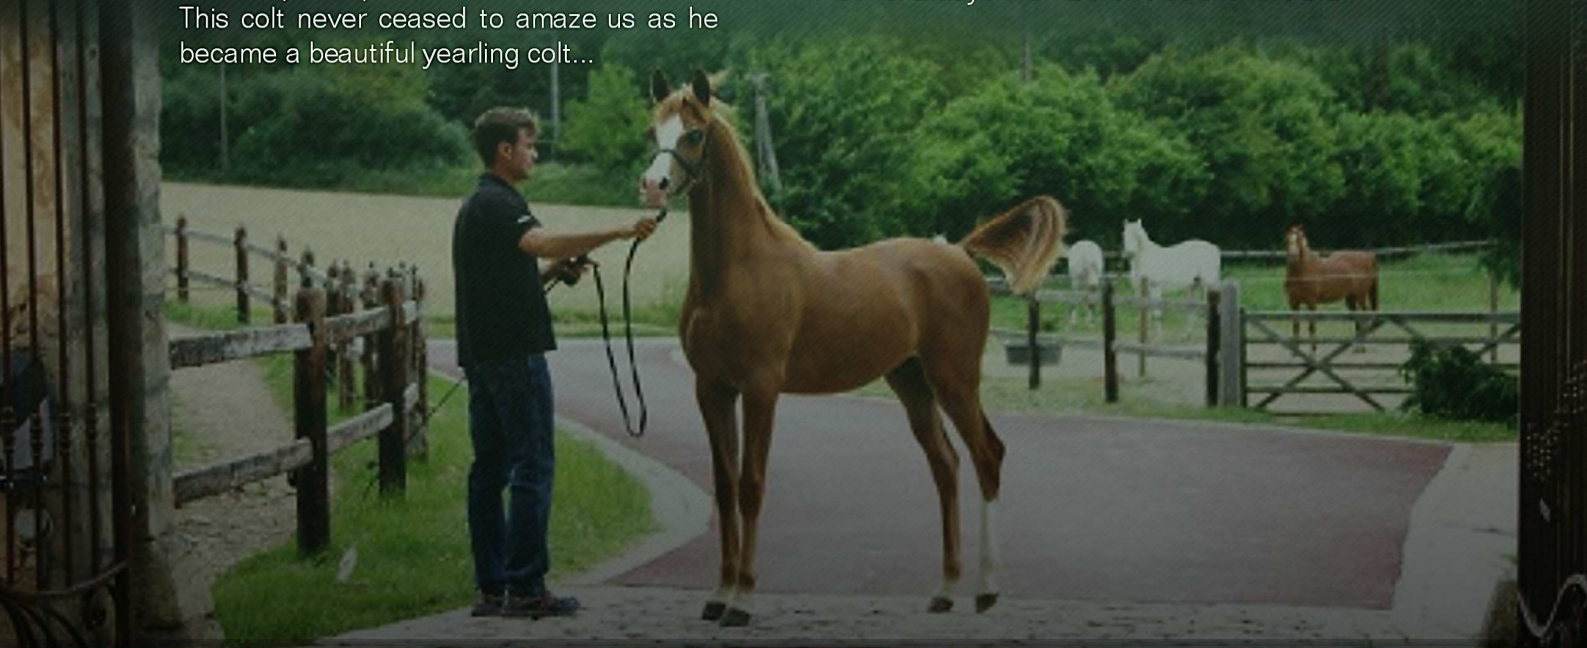

From Day One Tchaata Iniziato exhibited great qualities, Very well-built with a long neck, a small face and a very long-legged horse, he has always been extremely charismatic and he had the most arrogant and sculptural postures.

This colt never ceased to amaze us as he became a beautiful yearling colt...

Tchaata Iniziato has been successfully shown in Europe as a yearling and junior male at the International level.

He only participated in one C International show as a yearling, twice at the French Nationals and thereafter only participated in B or A shows in different European countries.

As a Junior Male he won more than 10 titles and was twice the winner of the French Cup (2015 as a yearling and 2017 as a 3 year-old colt) that elects the best French horse of the year (all horses compete against each other no matter their sex or age, compiling the show results of the year in all French shows including Menton and the World Championships in Paris).

From 2018 to 2021 Tchaata Iniziato rested and had a real horse life, living in a pasture and coming back in only at night. He matured peacefully. The change from a colt to a stallion surpassed all our expectations. He is now a refined, charismatic, sculptural and eye-catching stallion with great attitude and powerful movement. He is the sweetest and easiest stallion with a big heart! Very close to Humans he truly reminds us of his grand-dam WW Isadorah, who is also an extremely kind mare.

## THE STALLION

With age he got a lot more refined, his face has dried a lot, his eye sockets and beautiful big eyes popped out.

He is a tall stallion with great lengths, great long and strong legs that hold perfect shoulders and a naturally long, thin, well-shaped neck.

He is extremely well-balanced as he has great proportions.

His face is rather short and small compared to his body and his great nostrils are always mobile and very expressive.

He also is a real showman with lots of snorts and attitude. He loves to catch the attention. His movement is strong and powerful, you can truly feel the Russian and Polish influence!

He hasn't been conditioned or trained since 2017, he was and still is a pasture horse; all photos as a stallion are 100% natural (no make-up and with winter coat).
